“ The Cj's Are our role models. They always included us in EVERYTHING!!! They showed us how to enjoy life. They loved us unconditionally. CJ will be missed but we will ALWAYS CHERISH the time spent with him.

“ I would like to extend my sincere condolences to you and your family in dealing with the loss of your husband father and a friend who was always helping someone who was in need.. I am sorry that we had a falling out and I would like to speak with you in private if I may so I can tell you what I need to. I hope to hear from you soon so you will know what was happening in my life

“ Just having a cup of tea and a chat with CJ during a break at work was so much fun, he even stuck his pinky finger out.

“ Thinking of your family! I'm glad I got to be around you guys at the shop as much as I did. He was always fun to talk to and always joking around. He had a way of cheering you up and making you laugh and smile even while he was getting tattooed. Love you all! Xoxo Kate

“ Even though we didn't get to spend much time together in our lives we did make some memories, from setting off all the fireworks when were little kids, to terrorising the old neighborhood in elk city, to growing older getting pot bellies and sharing a passion for motorcycles.I will miss you til the day I see you again...Ride with the angels my brother.

“ I will forever cherish hanging out watching football games, the endless talks we had at the shop and all the fun parties and bbqs we had. But most of all I will miss your smile and your laugh. And how excited you were when the broncos scored a touch down. You will forever be missed. Thank you for the great memories and all the laughs we shared
