Fabian Alonzo McAllister was born May 30, 1997 in Denver Colorado. He gained his wings on Monday March 21, 2022. He was 24 years old. Fabian Alonzo McAllister was a free spirit that loved traveling, football and spending time with the ones he loved and cared about. He was a big animal lover and had many pets at home throughout his childhood.

He was a big jokester that could make anybody laugh at any given time even when they were having a bad day. He would always be the one that would go above and beyond to lift others up even when he was feeling down. He always respected his elders and always disliked any type of conflict.

Fabian had a very gentle nature about him that drew others to him which in return made him quite the popular guy. He touched many people with his genuine nature and he drew them in with his kindness and generosity. Even though he may be gone, he'll continue to live on in our hearts forever.

Fabian will be dearly missed and life will never be the same without him.

“ Oh Fabian, crazy to know you've been in my life for the past 16 years. You weren't just an amazing friend but an amazing best friend. You've been a special part of my life for awhile now & it's truly heartbreaking to know i'll no longer get random calls, messages, texts just telling me you love me. I remember the days you would walk me home after school just to make sure I made it okay. Or us spending hours at the park just hanging out talking forever literally about anything. You being there when I found out I was having my baby boy & spending my last birthday with me. We've created so many memories that i'll cherish forever. Thank you for being you. I am blessed to have known such a special person like you. Rest easy best friend. It's not goodbye , it's see you later.

“ Fabian, ever since your dad was taken from us you were the one person who shared the same fears with me. When we would see each other, we couldn't make eye contact for very long because we knew one of us would break down crying. I truly wouldn't have made it without you. I knew you would always be there to pick up the pieces when I couldn't and vice versa. The road ahead will be long without you, and it hurts so bad to think of Dean and Mickey's lives without you physically here. My heart doesn't want to know....love, Racheal

“ From shifting gears in the truck, playing ball, catching fish, camping in the tent, wrestling around, watching him do his hair, looking his best, chasing the girls, good times, and bad times. What an honor. Only if I can do it all over again son. I love you, I miss you, been in my dreams almost every night. I still get to see you. A huge piece of my Heart went with you Always and forever your Dad.  
Love Matthew Sanchez
