“ Jesse was full of mischief, and loved to tease. He made friends very easily and made sure never to forget anyone. He was kind, loving, and full of life. He should never of been taken from me or his wife and kids. Jesse will forever be in my heart and never will be forgotten. Jesse loved sports of all kinds and wanted his boys to learn the love as well. He had a laugh that was not contagious but a laugh one would never forget. My last two contacts with Jesse was on Mothers day and on the 15th to remind me to renew my KOA account because we would be going camping on fathers day in June, it was the last time I heard his voice calling me Mom and telling me he loved me and thanking me, when it was me who should of thanked him for being my loving son for the past 37 years and always being there when we needed him. Thank you my son

“ When I was in 4th grade I got braces. I was teased and bullied viciously. We went to visit our grandma and family in MO (at the time). My cousin Jesse stayed late at Mamma's house. To tell me about all the ways I would regret not getting them. He told me to be strong, and even showed me how to make a proper fist for punching. He was always looking out for the younger cousins. He is so truly missed. My heart is broken but I know he is making mamma and pappa laugh on the other side.
