“ My uncle John had a very strong personality. He never hesitated to tell you what he thought. He got that from my grandma. But when my uncle loved he truly loved. Not everyone got to see his tender side, but he truly had a heart of gold. He loved his fur babies, held dearly to his heart his friends. Even though he didn't always see eye to eye with all the family I know he loved us all. I truly miss you uncle John you will always be in my heart and I know you are with grandma and my dad now

“ Oh my friend how I will miss you!  
You made me laugh and how much love you showed your precious babies, your dogs, and your friends. Your dogs were the luckiest and most loved pooches ever! I was very blessed to have you in my life and I will miss you.

To your family I extend my deepest and heartfelt sympathy. I know John was private, but I know he loved you all.

I will miss John.      Johanna

“ John sometimes, to me, seemed bigger than life. This memory is from 2019, when we were visiting the Ima Hogg home, in Houston. Jerry Miller is chatting with John in the grand entrance of the home. The other pic is on our flight to Houston. He's covering his face due to some turbulence on the flight. He definitely oozed personality. Rest in Peace, John.

“ John carved pumpkins with us in 2015, he’s the one with the mask on. It was fun sharing space with him. He lived with us for a few months and he had a personality that left an impression with me for quite some time. I’m going to miss him.
