“ There were times when you treated me like a daughter when I needed a Dad. It was so long ago, but there are things I WILL NEVER forget. You taught Jessie and I some lessons that will for sure carry on as we give the same ones to our own kids. I can still hear your laugh in my head exactly the way it sounds. Lol. I will never forget this one incident in particular when you caught Jessie and me sneaking out and you called my mom. Lol. Or the time that my Mom was supposed to pick us up from a highschool dance, but she fell asleep. She woke up to a police officer at the door cause you were worried about your daughter. Thank God you did that or Jessie and I may have just froze. Lol. Wish I could have seen you before you left this world and this life and went on to what's next. But I'll see you again someday!! I love you!!
