“ Dad-

You are truly my superhero in plain clothes. I can't recall the number of times you talked me through life situations, helped me breath in moments I never thought I would get through, and helped me raise two amazing kids over the phone. We laughed over memories, and cried over times we missed. I would love a time machine to get back to my childhood to enjoy all the memories with you all over again just to laugh at your funny southern sayings, expressions, and slang. I am your little girl and biggest fan! My love for will never fade away, it's a mixture of friendship, care, respect. I want to thank you for all the things you have done for me. I will miss you every single minute of every single day.

“ One of my most dearest memories of Ron (Dad) is when Ronnie and myself were driving behind him and mom and we pulled over because mom gave us a plant. I ran out of Ronnies truck, hugged mom and ran to Dad's side of his truck and I leaned in and I gave him a hug and told him, I love you, he told me he loves me too and those were his last words to me. I will forever love him and his family.

“ Grandpa,

From the day I was born the last day, you were there for me. You taught me how the world works. From driving a tractor to how to properly tell a story. I always looked up to you even in the bad times. You were a working man from the very beginning. You got to where you were by working. You always told the best stories from when you were a kid to were you were about to beat up some guy. I always loved going out and just shoot with you. You were a big part of my life. You always were role model for me. I'll always Love You Pa.

“ Dad, thank you for all the wonderful years. It has been a privilege to be your daughter.
I am glad I got to share your last summer working on the deck while you shared your funny stories and memories of you and mom.
The journey we shared though your fight will be tattooed in my heart forever. I will fulfill all that you asked of me.
I love and miss you

“ Pa,
I honestly do not think I would be even close to where I was without you. You taught me so much, more than you will ever know. I was able to become the man I am all because you showed me what it meant to be one. I will forever cherish the time we had and the wisdom you share.
Your son, James
